

# ANIMAL HEALTH CATALOGUE

**CKL** Africa Ltd is the leading animal health company in East and Central Africa. The **CKL** Africa Ltd story is rooted in legacy and tradition, starting from the UK in the 1800s and landing in Kenya in 1906, it is one of nurturing growth, providing steady leadership and empowering farmers to achieve their objectives.

## Our Purpose, Values and Corporate Goal

Since inception in Kenya in 1906, **CKL** Africa Limited has grown over the years to provide solutions in genetics (bull semen), nutrition (feed additives, milk replacers and mineral supplements), internal parasite (dewormers), external parasite control, hygiene, disinfectants, vaccines and anti-infectives for a range of animals including cattle, sheep, goats, poultry, swine and camels. Our portfolio also includes crop care products like herbicides, insecticides, fungicides and crop nutrition.

Through our exclusive countrywide distributor system, a strong regional presence in Tanzania, Uganda, Burundi and Rwanda, we ensure our products are readily available throughout the greater East Africa region.

# ANIMAL HEALTH

CATEGORY	NUTRITION
PRODUCT	MACLIK PLUS
DESCRIPTION	<p>Maclik Plus is a special mineral supplement formulation for heifers and growing stock (from 6 months of age onwards).</p> <p>Maclik Plus helps animals to grow strong and mature on time as it supplies the critical elements needed form musculo-skeletal growth and improved overall health.</p> <p>This helps the animal to come on heat on time and prepares heifers for conception and eventual lactation.</p> <p><b>Composition:</b> Sodium Chloride, Calcium, Phosphorous, Magnesium, Copper, Manganese, Zinc, Cobalt, Iodine, Selenium and Molybdenum.</p>
SKU	1kg, 2kg, 5kg, 10kg, 20kg & 25kg

CATEGORY	NUTRITION
PRODUCT	MACLIK BEEF
DESCRIPTION	<p>Maclik Beef is specially formulated to provide adequate minerals for beef cattle to promote weight gain, strong bones, smooth and shiny coat and overall health.</p> <p><b>Composition:</b> Sodium Chloride, Calcium, Phosphorous, Magnesium, Copper, Manganese, Zinc, Cobalt, Iodine, Selenium and Molybdenum.</p>
SKU	2kg, 5kg, 10kg, 20kg & 25kg

CATEGORY	NUTRITION
PRODUCT	MACLIK DRY COW
DESCRIPTION	<p>Maclik Dry Cow is specifically made for pregnant cows that are nearing calving (last two months of pregnancy).</p> <p>It contains nutrients for optimum pregnancy maintenance and calf growth and health.</p> <p><b>Composition:</b> Sodium Chloride, Calcium, Phosphorous, Magnesium, Copper, Manganese, Zinc, Cobalt, Iodine, Selenium and Molybdenum.</p>
SKU	1kg, 2kg & 6kg

CATEGORY	NUTRITION
PRODUCT	MACLIK MINERAL BRICK
DESCRIPTION	<p>Maclik Mineral Brick is a highly convenient compacted mineral salt lick suitable for all classes and species of livestock.</p> <p>Useful for ad-lib (free) mineral supplementation for animals of all ages and to avoid pica (habits of eating/licking non nutritional items e.g soil, wood, stones etc).</p> <p><b>Composition:</b> Sodium Chloride, Calcium, Phosphorous, Magnesium, Copper, Manganese, Zinc, Iodine and Selenium.</p>
SKU	2kg & 5kg

CATEGORY	NUTRITION
PRODUCT	MACLIK SUPER
DESCRIPTION	<p>Maclik Super is a special mineral supplement formulation for lactating dairy cows.</p> <p>Maclik Super meets all the mineral requirements of the cow, enhances high milk production, maintains good health and supports a health reproduction system for fertility.</p> <p><b>Composition:</b> Sodium Chloride, Calcium, Phosphorous, Magnesium, Copper, Manganese, Zinc, Cobalt, Iodine, Selenium and Molybdenum.</p>
SKU	500g, 1kg, 2kg, 5kg, 10kg, 20kg & 25kg

CATEGORY	NUTRITION
PRODUCT	CKL XTRA CHAMPS
DESCRIPTION	<p>CKL Xtra Champs is formulated for high producing cows or cows in their early lactation period. The balance of trace elements, vitamins and bio- molecules in CKL Xtra Champs is carefully put together to deliver the following benefits in your herd:</p> <p><b>Fertility benefits</b> Support regular heat, cycling, and heat signs, conception, pregnancy maintenance needs, and post calving health for high yielding cows.</p> <p><b>Health benefits</b> CKL Xtra Champs optimises the immunity function of the cow while maximising other physiological functions of your champion milkers!</p> <p><b>Improved resistance to diseases</b> Reduced cases of milk ketosis &amp; milk fever. Better rumen function</p> <p><b>Production benefits</b> CKL Xtra Champs has rumen-protected (bypass) Amino Acids for increased bio availability. These amino acids help to boost milk synthesis leading to increased milk production &amp; better milk quality (higher components i.e. fat and protein).</p> <p><b>Composition:</b> Sodium Chloride, Calcium, Phosphorus, Magnesium, Copper, Manganese, Zinc, Iodine, Selenium, Chromium, Vitamin E, Choline and rumen protected (by-pass) amino acids.</p>
SKU	1kg, 2kg, 5kg & 25kg

CATEGORY	NUTRITION
PRODUCT	CKL XTRA LEGENDS
DESCRIPTION	<p>CKL Xtra Legends is a mineral supplement for use in calves aged 1 week up to 5 months.</p> <p>CKL Xtra Legends offers a perfect combination of 3 key benefits to calves as they grow into young heifers;</p> <ul style="list-style-type: none"> <li>i. Health benefits – Improved immunity, less stress</li> <li>ii. Performance benefits – Fast growth rate and weight gain.</li> <li>iii. Fertility benefits – Ensures optimal growth and integrity of reproductive organs, hence early puberty and conception when the time comes.</li> </ul> <p><b>Composition:</b> Sodium Chloride, Calcium, Phosphorus, Magnesium, Copper, Manganese, Zinc, Iodine, Selenium, Cobalt, Vitamins A,D &amp; E, Lyso-Phospholipids and yeast metabolites.</p>
SKU	1kg, 2kg, 5kg & 25kg

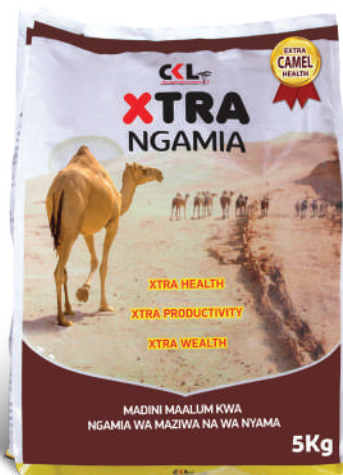

CATEGORY	NUTRITION
PRODUCT	CKL XTRA MALI
DESCRIPTION	<p>CKL Xtra Mali is a mineral supplement targeted for use in sheep and goats.</p> <p><b>Health Benefits</b> CKL Xtra Mali helps to prevent mineral deficiencies and related health problems by supporting the immune function and as a result boosting resistance to diseases giving you a fast growing and healthy herd.</p> <p><b>Performance Benefits</b> Provides essential trace and macro elements for healthy growth and development which leads to achieving optimal weight gain and maturity faster.</p> <p>Promotes healthy skin and coat.</p> <p><b>Fertility Benefits</b> A balanced mineral that supports reproductive health to keep those younglings coming and have a good survival rate.</p> <p>Enhanced fertility and therefore a fast-growing flock.</p> <p><b>Composition:</b> Magnesium, Calcium, Phosphorus, Cobalt, Manganese, Selenium, Zinc, Iodine and Sodium Chloride.</p>
SKU	1kg, 2kg, 5kg & 25kg

CATEGORY	NUTRITION
PRODUCT	CKL XTRA BRICK
DESCRIPTION	<p>CKL Xtra Brick is a highly convenient mineral lick with moderate amount of trace minerals that is suitable for all classes and species of animals.</p> <p>Useful for ad-lib (free) mineral supplementation for animals of all ages and to avoid pica (habits of eating/licking non nutritional items e.g soil, wood, stones etc).</p> <p><b>Composition:</b> Calcium, Phosphorous, Sodium Chloride, Magnesium, Cobalt, Copper, Iodine, Manganese, Selenium and Zinc.</p>
SKU	2kg, 5kg & 10kg

CATEGORY	NUTRITION
PRODUCT	CKL XTRA NGAMIA
DESCRIPTION	<p>CKL Xtra Ngamia is a supplement formulated to meet the specific mineral requirements for camels, ensuring their health and productivity.</p> <p><b>Why mineral supplements matter:-</b> Camels, like all animals, require essential minerals for optimal health and performance. Mineral deficiencies can lead to a range of health problems, including:</p> <ul style="list-style-type: none"> <li>• Poor growth and development</li> <li>• Reduced fertility</li> <li>• Weakened immune system</li> <li>• Fragile bones and weak joints</li> <li>• Poor appetite and weight loss</li> </ul> <p>The benefits of using CKL Xtra Ngamia for your camels:</p> <p>Production</p> <ul style="list-style-type: none"> <li>- Higher milk yields</li> <li>- Higher conception rate</li> </ul> <p><b>Composition:</b> Magnesium, Calcium, Phosphorus, Cobalt, Manganese, Selenium, Zinc, Iodine and Sodium Chloride.</p>
SKU	5kg & 25kg

CATEGORY	NUTRITION
PRODUCT	NEW KUPAKULA NUTRITION
DESCRIPTION	<p>New Kupakula Nutrition is a premium protein supplement that provides energy and protein in a form directly utilized by the animal (by-pass protein and fat).</p> <p>It is indicated for beef, dairy cattle, sheep and goats.</p> <p><b>Composition:</b> Crude Protein, By-pass Protein, Crude Fats, Vitamins and rumen protected Amino Acids (Methionine).</p>
SKU	2kg, 5kg, 10kg & 25kg

CATEGORY	NUTRITION
PRODUCT	NEW KUPAKULA GOLD
DESCRIPTION	<p>New Kupakula Gold is designed for high producing lactating cattle with high protein requirements, for “steaming” in the last two weeks of pregnancy and for livestock consuming moderate to low quality pasture.</p> <p>New Kupakula Gold provides energy and protein in a form directly utilized by the animal (by-pass protein and fat) New Kupakula Gold has additional benefits of enhanced digestion and nutrient absorption due to the inclusion of Diamond V XPC.</p> <p><b>Composition:</b> Crude protein, Crude fat, By-Pass protein, Yeast Metabolite, Vitamin A and Amino Acids (Methionine, Lysine).</p>
SKU	2kg, 5kg & 25kg

CATEGORY	NUTRITION
PRODUCT	NEW KUPAKULA ADVANCED
DESCRIPTION	<p>New Kupakula Advanced is designed for lactating cattle with high protein requirements, for “steaming” in the last two weeks of pregnancy and for livestock consuming moderate to low quality pasture.</p> <p>New Kupakula Advanced provides energy and protein in a form directly utilized by the animal (by-pass protein and fat).</p> <p><b>Composition:</b> Crude protein, crude fat, By Pass protein, Vitamin A and Amino Acids (Methionine, Lysine).</p>
SKU	2kg, 5kg & 25kg

CATEGORY	NUTRITION
PRODUCT	TRILK PREMIUM
DESCRIPTION	<p>Trilk Premium is a fortified milk replacer for feeding calves from one week of age to weaning.</p> <p>Trilk Premium allows the calf to get all the energy, proteins vitamins, minerals and trace elements it needs, without stressing the rumen development of the calf.</p> <p>Trilk Premium is made from easily digestible sources of energy and protein thereby creating a smooth transition from colostrum.</p> <p><b>Composition:</b> Lactose, Crude Protein, Fat, Ash, Fibre, Calcium, Phosphorus and Vitamins A, C, D3 &amp; E.</p>
SKU	1kg, 5kg & 25kg

CATEGORY	NUTRITION
PRODUCT	NATUZYME
DESCRIPTION	<p>Natuzyme is a cocktail of high quality and multi-activity feed enzymes that enables better nutrition utilization resulting in more high quality meat or milk with lower cost.</p> <p><b>Composition:</b> Xylanase, Alpha-Amylase, Beta-Glucanase, Phytase, Cellulase and Protease.</p>
SKU	350g & 20kg

CATEGORY	NUTRITION
PRODUCT	DIAMOND V XPC
DESCRIPTION	<p>Diamond V XPC is a feed ingredient containing nutritional metabolites created through an exclusive fermentation process which ensures the preservation of yeast factors, B-vitamins and other nutritional fermentation products.</p> <p>It is designed for further manufacture of nutritionally balanced feeds for cattle, poultry, pigs, equines and pets.</p> <p>It helps stimulate production of both fibre digesting and lactic acid utilizing bacteria by providing essential metabolite which enhances bacterial reproduction and fermenting ability.</p> <p>This in turn helps to enhance volatile fatty acid (VFA) production and energy availability for health and production hence a better return on investment.</p> <p><b>Composition:</b> Postbiotic yeast metabolite (Saccharomyces Cerevisae yeast), Crude Protein, Crude Fat and Crude Fibre.</p>
SKU	100g,200g,400g 1.25kg & 25kg

CATEGORY	NUTRITION
PRODUCT	LIPIDOL
DESCRIPTION	<p>Lipidol is a nutrient absorption accelerator that minimizes nutrients wastage by enhancing absorption into the cell membrane.</p> <p>Lipidol has high levels of energy thus enhancing energy savings in feed formulation. It enhances growth performance in young growing animals.</p> <p><b>Composition:</b> Concentrated functional Lysophospholids (LPLS).</p>
SKU	1kg & 20kg

CATEGORY	NUTRITION
PRODUCT	T5A
DESCRIPTION	<p>A toxin binder for controlling aflatoxins against all species.</p> <p>To be mixed with feed at a rate of 1 – 2 kgs/tonne depending on suspected contamination of aflatoxins.</p> <p>Monogastric – poultry and pigs To be mixed with feed at the rate of 1– 2/tonne depending on suspected contamination of raw materials.</p> <p>Benefits</p> <ul style="list-style-type: none"> <li>• Effective binder for aflatoxins.</li> <li>• Ability to adsorb low and high concentration of aflatoxins at low inclusion rate.</li> <li>• Continues to fight aflatoxins in the gut before digestion takes place.</li> <li>• Does not bind nutrients.</li> <li>• Stable over a wide pH range.</li> <li>• High thermostability.</li> <li>• Stable under processing condition such as pelleting and extrusion.</li> </ul> <p><b>Composition:</b> Bentonite.</p>
SKU	2kg & 25kg

CATEGORY	NUTRITION
PRODUCT	T5Z
DESCRIPTION	<p>T5Z is a broad spectrum mycotoxin binder.</p> <p>It is both curative and preventive and gives a comprehensive solution against mycotoxins in livestock feeds.</p> <p><b>Composition:</b> Clinoptilolite, Bentonite (100% activated) and Activated Charcoal.</p>
SKU	2kg & 25kg

CATEGORY	NUTRITION
PRODUCT	DCP
DESCRIPTION	<p>DCP is a dietary supplement used to combat calcium and/or phosphorus related deficiencies in all livestock.</p> <p><b>Composition:</b> Calcium and Phosphorus.</p>
SKU	250g & 25kg

CATEGORY	HYGIENE
PRODUCT	CKL MILKING SALVE
DESCRIPTION	<p>CKL Milking Salve is a medicated, antiseptic salve for use in protection and maintenance of udder health.</p> <p>It is indicated for application on the milker's hands and cow teats during milking.</p> <p>Routine use of CKL Milking Salve</p> <ol style="list-style-type: none"> <li>Increases the natural resistance of the skin of the cow teats to bacterial infection</li> <li>Aids rapid healing of wounds and abrasions on the teats and prevents the spread of bacteria.</li> <li>Tones the skin to prevent cracking and chapping of the teats keeping the skin soft and healthy.</li> </ol>
SKU	50g, 100g, 250g, 400g, 1kg & 2kg

CATEGORY	HYGIENE
PRODUCT	MASTRITE
DESCRIPTION	<p>Mastrite is a highly effective udder wash and teat dip indicated for use in preventing teat sores and lesions while giving potent control of mastitis causing organisms.</p>
SKU	100ml, 500mL, 1L & 5L

CATEGORY	HYGIENE
PRODUCT	KUPACIDE
DESCRIPTION	<p>Kupacide is a rapid, long lasting and powerful broad spectrum disinfectant for general use against viruses, bacteria, mycoplasmas, fungi and coccidian organisms.</p> <p>Kupacide can be used for routine disinfection, aerial fogging, wheel and foot dips as well as water sanitization.</p>
SKU	100ml, 500ml, 1L & 5L

CATEGORY	HYGIENE
PRODUCT	BACTERGENT
DESCRIPTION	<p>Bactergent is a powerful combination detergent and bactericide for washing and sterilizing dairy utensils and equipment.</p> <p>Bactergent makes cleaning easier, more thorough and prevents subsequent development of bacteria on the dairy equipment.</p>
SKU	1L & 5L

CATEGORY	ECTO-PARASITES
PRODUCT	TRIATIX
DESCRIPTION	<p>Triatix is an acaricide for use in dips or as a spray for the control of ticks, mange mites, keds, biting and sucking lice on cattle, sheep, goats camels, pigs and dogs.</p> <p>Triatix exhibits rapid excellent action which causes ticks to quickly detach from the body, drop to the ground and die.</p> <p>Its residual activity provides protection by preventing re-attachment of re-infesting ticks.</p> <p>The product is applied at a rate of 2ml:1L of water for spraying and dipping.</p> <p>Spraying/ dipping with Triatix should be done at a 7 day interval with strict adherence to the dilution rates for efficacy and to avoid resistance.</p> <p><b>Active Ingredient:</b> Amitraz 12.5% EC</p>
SKU	20ml, 40ml, 100ml, 250ml, 500ml & 5L

CATEGORY	ECTO-PARASITES
PRODUCT	GRENADE
DESCRIPTION	<p>Grenade is an emulsifiable concentrate dip and spray for the control of ticks, flies, lice and keds on livestock.</p> <p>It is both an insecticide and acaricide and is suitable for use on cattle, sheep, goats, camels and dogs.</p> <p>Grenade may be used in dips, spray races, hand sprayers and other spray devices and is applied at a rate of 1ml:1L of water.</p> <p>Spraying/dipping with Grenade should be done at a seven day interval with strict adherence to the dilution rates for efficacy and to avoid resistance.</p> <p><b>Active Ingredient:</b> Cyhalothrin 5% EC</p>
SKU	20ml, 40ml, 100ml, 1L & 5L

CATEGORY	ECTO-PARASITES
PRODUCT	BUTOX SPOT ON
DESCRIPTION	<p>Butox Spot On is a ready to use pour on that protects livestock against external insects including ticks, tsetse and biting flies.</p> <ul style="list-style-type: none"> <li>• Long-lasting protection with a single application</li> <li>• Zero withdrawal period for meat and milk</li> <li>• Safe for use during pregnancy and lactation</li> <li>• Broad-spectrum efficacy against multiple external parasites</li> <li>• Easy-to-use pour-on formulation ready to use (No dilution required).</li> <li>• Twin mouth for ease of measuring and pouring</li> <li>• Administration: 1ml to 10kg body weight</li> </ul> <p><b>Active Ingredient:</b> Deltamethrin 1% P.O.</p>
SKU	100ml, 250ml & 1L

CATEGORY	DEWORMERS
PRODUCT	NILZAN PLUS
DESCRIPTION	<p>This is a broad spectrum dewormer for control of roundworms, lungworms, flukes and tapeworms in cattle, sheep and goats.</p> <p>Nilzan Plus contains added trace elements(cobalt) for recovery, improved growth and performance.</p> <p>Nilzan Plus can be used all year round.</p> <p>Usage rate: Weight of animal / 2 = amount of Nilzan Plus in ml.</p> <p><b>Active Ingredients:</b> 1.5% w/v Levamisole Hydrochloride B.P. (Vet), 3.0% w/v Oxytoclozanide B.P. (Vet) and 0.382% w/v Cobalt Sulphate.</p>
SKU	125ml, 150ml, 500ml, 1L & 5L

CATEGORY	DEWORMERS
PRODUCT	NILZAN SUPER
DESCRIPTION	<p>A double strength broad spectrum dewormer for the control of roundworms, lung worms, flukes and tapeworms in cattle, sheep and goats.</p> <p>Nilzan Super contains added trace elements (cobalt and selenium) for improved growth and performance in the animal. Safe for young pregnant and lactating animals.</p> <p>Usage rate: Weight of animal / 4 = amount of Nilzan Super in ml.</p> <p><b>Active Ingredients:</b> 3.0% w/v Levamisole Hydrochloride B.P. (Vet), 6.0% w/v Oxytoclozanide B.P. (Vet), 0.764% w/v Cobalt Sulphate and 0.32mg/ml Sodium Selenate.</p>
SKU	125ml, 500ml, 1L & 5L

CATEGORY	DEWORMERS
PRODUCT	NILZAN BOLUS
DESCRIPTION	<p>Nilzan Bolus is a broad spectrum dewormer in tablet form for use in cattle, sheep and goats.</p> <p>Use 1 Bolus per every 150kg body weight.</p> <p>For animals weighing 300kg and above, a maximum of 2 tablets should be given.</p> <p><b>Active Ingredients:</b> 1.0g Levamisole HCl, 1.4g Oxytoclozanide.</p>
SKU	6g

CATEGORY	DEWORMERS
PRODUCT	NEFLUK 2.5% & NEFLUK 10%
DESCRIPTION	<p>Nefluk is a broad spectrum dewormer suspension for use in cattle, sheep and goats.</p> <p>For Nefluk 10% divide weight of the animal in kgs by 10 and for 2.5% divide by 2.5 = the amount to give in ml.</p> <p>It is available in 10% and 2.5% w/v strengths.</p> <p><b>Active Ingredient:</b> Nefluk 10% - Albendazole USP 100mg/ml</p> <p>Nefluk 2.5% - Albendazole USP 25mg/ml</p>
SKU	40ml, 125ml, 250ml & 1L

CATEGORY	DEWORMERS
PRODUCT	NEFLUK BOLUS
DESCRIPTION	<p>Nefluk Bolus is a broad spectrum dewormer tablet that targets lung worms, tapeworms and liver flukes in cattle, sheep and goats.</p> <p>It is administered at the rate of 2 tablets for an adult cow, 1/2 for calves and 1/4 for sheep and goats.</p> <p><b>Active Ingredient:</b> Albendazole USP 2.5g/ bolus.</p>
SKU	5g

CATEGORY	DEWORMERS
PRODUCT	NILVERM
DESCRIPTION	<p>Nilverm is a highly effective drench for treatment and control of roundworms and lungworms infestation in cattle, sheep and goats.</p> <p><b>Active Ingredient:</b> Levamisole Hcl BP 1.5% w/v.</p>
SKU	150ml

**BETTER COWS > BETTER LIFE**

**HEALTH**

**EFFICIENCY**

CATEGORY	GENETICS
PRODUCT	CRV
DESCRIPTION	<p>CRV delivers top quality genetics, smart breeding management solutions and personal advice on herd management to enable our customers to build healthy and efficient herds which are profitable and easy to manage in a sustainable way.</p> <p>Services such as breeding consultation, sire matching and genomic testing are available.</p> <p>The range of breeds and bulls ensures there is something for everyone.</p> <ul style="list-style-type: none"> <li>- Holstein Friesian (Black and White as well as Red and White)</li> <li>- Gir/Gyr</li> <li>- Girolando</li> <li>- Fleckvieh</li> <li>- Jersey</li> </ul> <p>Catalogues available on the CKL Africa website.</p>

CATEGORY	ANTI- INFECTIVES
PRODUCT	MASTIJET
DESCRIPTION	Mastijet Forte is a broad spectrum intramammary antibiotic for use in treating Mastitis in lactating cattle.
SKU	8g

CATEGORY	ANTI- INFECTIVES
PRODUCT	BUTALEX
DESCRIPTION	Butalex is a clear ruby-red solution for the treatment of Theileriosis in cattle.
SKU	20ml & 40ml

CATEGORY	VACCINE
PRODUCT	BLANTHAX
DESCRIPTION	Blanthax is a vaccine for the active immunisation of animals against Anthrax and Black Quarter.
SKU	100ml

CATEGORY	VET ESSENTIALS
PRODUCT	CKL HEALING OIL
DESCRIPTION	CKL Healing Oil aids in the soothing of cuts and wounds, and provides a soothing effect on all animals during lambing, docking, castration, dehorning and shearing.
SKU	100ml & 250ml

CATEGORY	VET ESSENTIALS
PRODUCT	CKL EPSOM SALT
DESCRIPTION	CKL Epsom Salt is a crystalline powder that is used to make a powerful saline projective to treat indigestion and constipation in all animals including ruminants (cattle, sheep, and goats) pigs, horses, dogs and poultry.
SKU	500g

CATEGORY	VET ESSENTIALS
PRODUCT	CKL LIGHT KAOLIN
DESCRIPTION	CKL Light Kaolin is indicated for the treatment of Enteritis and Scours (diarrhoea) in livestock.  It absorbs bacterial toxins (poisons) in the gut reducing the amount of toxic matter that might enter into the blood circulation.
SKU	100g

CATEGORY	VET ESSENTIALS
PRODUCT	CKL COPPER SULPHATE
DESCRIPTION	CKL Copper Sulphate has stringent and fungicidal properties and is useful for prevention and treatment of Footrot and ringworms in sheep, goats and cattle.
SKU	250g

CATEGORY	VET ESSENTIALS
PRODUCT	CKL STOP BLOAT
DESCRIPTION	CKL Stop Bloat is for use in prevention and treatment of bloat in all ruminants.
SKU	125ml & 1L

# POULTRY

CATEGORY	NUTRITIONALS
PRODUCT	BIOSTRONG™ 510
DESCRIPTION	<p>Biostrong™ 510 Phytogetic feed additive harnesses the synergy of selected ingredients to support improved feed conversion and performance in poultry.</p> <p>It helps to reduce your production costs per kg of meat produced.</p>
SKU	25kg

CATEGORY	NUTRITIONALS
PRODUCT	DIAMOND V XPC
DESCRIPTION	<p>Diamond V XPC is a feed ingredient containing nutritional metabolites created through an exclusive fermentation process which ensures the preservation of yeast factors, B-vitamins and other nutritional fermentation products.</p> <p>It is designed for further manufacture of nutritionally balanced feeds for cattle, poultry, pigs, equines and pets.</p> <p>It helps stimulate production of both fibre digesting and lactic acid utilizing bacteria by providing essential metabolite which enhances bacterial reproduction and fermenting ability.</p> <p>This in turn helps to enhance volatile fatty acid (VFA) production and energy availability for health and production hence a better return on investment.</p>
SKU	100g ,200g, 400g, 1.25kg & 25kg

CATEGORY	NUTRITIONALS
PRODUCT	NATUZYME
DESCRIPTION	Natuzyme is a cocktail of high quality and multi-activity feed enzymes that enables better nutrient utilization resulting in high quality meat for broilers and eggs for layers.
SKU	350g & 20kg

CATEGORY	NUTRITIONALS
PRODUCT	LIPIDOL
DESCRIPTION	Lipidol a nutrient absorption accelerator that minimizes nutrient wastage by enhancing absorption.  Lipidol has high levels of energy thus enhancing energy savings in feed formulation. It improves egg weight and grade and enhances growth performance in broilers.
SKU	1kg & 20kg

CATEGORY	NUTRITIONALS
PRODUCT	T5Z
DESCRIPTION	T5Z is a broad spectrum mycotoxin binder. It is both curative and preventive and gives a comprehensive solution against mycotoxins in poultry feed.
SKU	2kg & 20kg

CATEGORY	HYGIENE
PRODUCT	KUPACIDE
DESCRIPTION	Kupacide is a rapid, long lasting and powerful broad spectrum disinfectant for general use against viruses, bacteria, mycoplasmas, fungi and coccidian organisms.
SKU	100ml, 500ml, 1L & 5L

# PETS

CATEGORY	EXTERNAL PARASITE CONTROL
PRODUCT	BRAVECTO
DESCRIPTION	Bravecto is a chewable tablet for the treatment and prevention of tick, flea and mite infestations in dogs. It gives long-lasting protection (3 months) in a single chew. It is fast acting (kills ticks and fleas within 2 hrs) and has a very high safety margin at 5 times of the clinical dose.
SKU	112.5mg, 250mg, 500mg, 1000mg & 1400mg

CATEGORY	VACCINES
PRODUCT	NOBIVAC CANINE 1-DAPPvL <sub>2</sub>
DESCRIPTION	<p>Nobivac Canine 1-DAPPvL<sub>2</sub> provides protection against commonly spread viruses namely:-</p> <p>Canine Distemper Virus, Canine Adenovirus Type 2, Canine Parainfluenza Virus, Canine Parvovirus (modified live viruses), and Leptospira Canicola-Icterohaemorrhagiae (inactivated bacterin).</p> <ul style="list-style-type: none"> <li>• Protects against all known strains of Canine Parvovirus (CPV), including CPV-2c2,3</li> <li>• Contains CPV-2b, one of the most prevalent field strains of parvovirus</li> <li>• High antigenic mass (titer), low passage parvovirus vaccine</li> <li>• Overrides maternal antibodies in young puppies</li> <li>• Defends against 2 strains of Leptospira: L. canicola and L. icterohaemorrhagiae</li> <li>• Protects against 2 types of adenovirus that cause hepatitis and respiratory disease in dogs</li> <li>• Provides disease coverage for commonly spread canine viruses, distemper, adenovirus types 1 and 2, parainfluenza and parvovirus, in 1 formula.</li> </ul>
SKU	1 x 25 doses

CATEGORY	EXTERNAL PARASITE CONTROL
PRODUCT	BRAVECTO PLUS
DESCRIPTION	<p>Bravecto Plus for cats is a prescription topical solution providing 3 months protection against fleas, ticks, heartworm disease, intestinal worms and ear mites in a single application, combining flea/tick killers (fluralaner) with a heartworm/ worm treatment (moxidectin) for comprehensive parasite control, especially for mixed infestations.</p> <p>It works by interfering with parasite nervous systems after they bite, offering extended protection with fewer treatments.</p>
