

CROP CARE CATALOGUE

CKL Africa Ltd is the leading animal health company in East and Central Africa. The **CKL** Africa Ltd story is rooted in legacy and tradition, starting from the UK in the 1800s and landing in Kenya in 1906, it is one of nurturing growth, providing steady leadership and empowering farmers to achieve their objectives.

Our Purpose, Values and Corporate Goal

Providing Trusted Farming Solutions Since 1906.

WHY ARE WE HERE?

To experience the fulfillment of creating excellence.

WHAT WE BELIEVE IN

KEEPING OUR PROMISES

We live on the foundation of integrity and trust.

TEAMWORK

Good relationships are important to us. We depend on one another and support each other in achieving our goals.

PASSION

We strive with devotion, commitment and perseverance for our cause and the goals we set.

STEWARDSHIP

We are faithful, accountable, and sustainable in all we have been entrusted with.

CORPORATE GOAL

Enabling Africa to be a global leader in food production.

Since inception in Kenya in 1906, **CKL** Africa Limited has grown over the years to provide solutions in genetics (bull semen), nutrition (feed additives, milk replacers and mineral supplements), internal parasite (dewormers), external parasite control, hygiene, disinfectants, vaccines and anti-infectives for a range of animals including cattle, sheep, goats, poultry, swine and camels. Our portfolio also includes crop care products like herbicides, insecticides, fungicides and crop nutrition.

Through our exclusive countrywide distributor system, a strong regional presence in Tanzania, Uganda, Burundi and Rwanda, we ensure our products are readily available throughout the greater East Africa region.
